Congressman Ken Calvert –
Fighting Against Record Levels of Government Spending

U.S. CONGRESSMAN

KEN CALVERT

44TH DISTRICT OF CALIFORNIA

"I believe some leaders in Congress are advocating drastic and expensive changes to our economy, such as government-run health care and cap-and-trade legislation. **However, the question that should be asked everyday on Capitol Hill is simply, where are the jobs?**

"The Democratic Leadership spent \$800 billion of your taxes with lightning speed on the stimulus bill with the promise from the White House that unemployment would not exceed eight percent. We are now at 9.8% nationally, 12.2% in CA, 15% locally – and climbing.

"It's time to refocus and truly help the American people by reducing the federal tax burden on families and businesses, reducing spending and target what spending we have towards real infrastructure projects."

– REP. KEN CALVERT

This mailing was prepared, published, and mailed at taxpayer expense.

The Calvert Solution: Returning Prosperity through Job Creation

Tax Relief for All Americans – If you fall in the middle-income tax bracket in California, you are paying 25% to 28% in federal taxes plus an additional 4% to 9% in state taxes. Adding in local, property and sales tax, a significant portion of income disappears into government coffers. In order to spur spending in the economy, Congress must lower taxes across the board and provide immediate relief to struggling Americans.

ON TIME Act (H.R. 947) – A national transportation strategy that would provide for billions in infrastructure improvements to our strained national highway and freight system without increasing taxes. The bill would provide an immediate boon for long-term construction projects and put people to work.

No more bailouts! Government spending is out of control and has created trillions in new debt over the next ten years. Rep. Calvert voted against the stimulus; auto bail out; mortgage bail out; the nearly \$4 trillion budget; as well as other irresponsible spending bills. Congress must rein in spending.

REP. CALVERT meets with a young constituent and discussed the importance of education, after speaking at a local Chamber of Commerce event about legislative business.
