KEN CALVERT

44TH DISTRICT OF CALIFORNIA

“People are losing their jobs and yet the leadership in Congress refuses to buckle down, restrain spending, and enact policies that will ease the financial burdens of the American people and create jobs. I will continue to vote against legislation that further bloats the federal government and encroaches on the liberty of the American people.”

ANOTHER RECORD LEVEL BUDGET: \$3.8 Trillion of YOUR Tax Dollars

What's in the Fiscal Year 2011 Budget?

- \$1.6 trillion in deficit spending from FY2010 added to the debt.
- \$2 trillion in tax hikes through 2020.
- \$1 trillion in new entitlement spending for the proposed health care reform bill.

The Calvert Record: Voted against the FY2010 \$3.6 trillion budget, \$350 billion TARP II, \$787 billion stimulus, \$25 billion auto bailout, mortgage bailout, cap and trade bill, government-regulated health care bill, and the \$1.9 trillion debt limit increase.

Rep. Calvert Has Introduced or Supports Proposals That:

- Extend the tax cuts from 2001 and 2003 and eliminate the death tax and capital gains tax.
- Prioritize spending that puts national security first, including the elimination of dangerous policies that give the rights of citizens to terrorists such as Umar Farouk Abdulmutallab, the Christmas Day Bomber.
- Ensure jobs go to Americans, not illegal immigrants, through the mandatory verification of all employees in the United States.

REP. CALVERT speaks to the Chamber of Commerce in the district about the level of spending and his proposals to lower the tax burden and create jobs.

“Rather than spending money we don't have, Congress needs to cut discretionary spending and slow the rate of growth of entitlement spending. It means making tough choices during difficult times and my job in Washington is to represent people back home, not win a popularity contest inside the Beltway.”
