The Honorable Rosa DeLauro

House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Chairman Cole and Ranking Member DeLauro:

I am requesting funding for a Recycled Water Distribution and Transmission Mainline Project for the City of Norco in fiscal year 2025. The entity to receive the funding is the City of Norco, located at 2870 Clark Avenue, CA 92860. The funding would be used to construct a recycled water pipeline to the City of Norco and the nearby Navy Base. The project is an appropriate use of taxpayer funds because the project would promote water reuse by reducing the reliance on potable drinking water with available recycled water at local parks and the Naval Surface Warfare Center located in Norco.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Ken Calvert".
